

# 1200TS 12.1" Touchscreen LED LCD Monitor w/ VGA & DVI Inputs

## Description

Need a portable touchscreen display? Don't have enough room for a big bulky 15"? If that's the case, then take a look at Xenarc Technologies' 12.1" LED LCD Touchscreen display with VGA and DVI Inputs. This display offers you the convenience of a touchscreen at a space-saving size. This monitor supports display resolution up to 800x600 (SVGA). Use the convenient touch-screen as your input device, control your mouse cursor or the mini on screen keyboard that comes with your operating system. The touch screen utilizes the USB port as the interface. The monitor is perfect for Point Of Sales systems with the included stand and Spill Proof front bezel. The stand can also be removed for use with any VESA mounts making it perfect for home automation purposes or any mounting situation.
