

## Security in a Flash

**Stealth Mini™** is a Managed Portable Security Device ideally suited for organizations looking for highly secure storage solutions that are truly portable and easy to manage. Stealth Mini™ is available in a FIPS 140-2 Level 2 validated version.

Featuring built-in hardware-based AES 256-bit encryption and strong password authentication, all data stored on the Stealth Mini™ is inaccessible without permission.

Now IT administrators can easily provision, configure, and support thousands of ultra reliable Stealth Minis by managing them with ACCESS Enterprise™, the simple yet powerful Device Lifecycle Management Solution from MXI Security.

Requiring no client-side software or driver installation, the zero footprint Stealth Mini™ offers an intuitive and productive experience for end-users.

*Available in 1GB and 2GB capacities, Stealth Mini™ is the perfect choice for security in a flash!*

# Stealth Mini™

## Stealth Mini™ Specifications

### General

- Zero software footprint
- Hardware-based AES 256-bit encryption
- Manageable with ACCESS Enterprise™ 3.1
- One year warranty

### Storage Capabilities

- General purpose mass storage in flash memory capacities of 1GB and 2GB

### Authentication

- Strong password authentication

### Usage Policies

- Password complexity rules
- Password lifetime rules
- Failed authentication threshold with optional data destruction

### Storage

- Flash memory mass storage
- Private encrypted user partition
- Read-only portable application partition

### Operating Environments

- Microsoft Windows 2000
- Microsoft Windows XP
- Microsoft Windows Vista

### Standards and Certifications

- FIPS 140-2 Level 2 validated
- USB 1.1 and 2.0
- FCC
- CE

### Physical and Electrical

- Compact and portable
- Data activity LED
- Uses USB bus power

### Dimensions, Weights and Environmental

- Dimensions (H x W x L):  
8.9 x 18.3 x 72.3 mm (0.35 x .72 x 2.85")
- Weight: Approximately 9g (.02 lbs)
- Operating temperature ~ 0 to 50 °C
- Non operating temperature ~ -20 to 70 °C
- Relative humidity ~ 5 to 95% non-condensing
