

DuraBook RT7V

Fully Rugged Tablet PC

The fully rugged Durabook RT7V tablet PC is the ideal mobile device for workplace productivity. Whether indoors or outdoors, the RT7V tablet PC meets the demands of mobile users needing ultimate mobility in a state of the art mobile computing device. The RT7V is designed to meet the IP54 international standards for liquid and dust protection.

The RT7V magnesium case protects the system's components from damage due to drop. The tablet's IO ports and connectors are all sealed to protect them from damage. The tablet comes standard with a 7" WVGA sunlight readable touch screen LCD and supports up to 1920 X 1080 external video resolution. The RT7V's "fanless design" allows for extended battery life and the most efficient data processing possible. The Durabook RT7V, the fully rugged tablet workplace solution.
